

3.5.0 What permissions does the Microsoft Dynamics 365 user need?

To be able to use Stellarise Connector for Microsoft Dynamics 365 and Xero, the Dynamics user you use to connect with or use to create Invoices with **must** have the following permissions:

Entity	Permission
Invoice	read-write
Invoice detail	read-write
Product	read
System user	read
Account	read-write
Contact	read-write
Stl3_dynamicsxeroconnector	read-write
Stl3_brandingtheme	read-write
Stl3_chartofaccounts	read-write
Stl3_stellariseconnectorsettings	read-write
Stl3_synchistory	read-write
Stl3_taxtype	read-write
Stl3_xerodetails	read-write
